

ZapPay

Fueling India's Digital Drive

Instant QR payments at petrol pumps, eliminating cash hassles, queues, and fraud.

Our vision: to digitize 85,000+ outlets nationwide.

The Fuel Retail Pain Points

Operational Inefficiency

Drivers waste minutes counting change while staff handle soiled cash, causing queues that spill onto roads. UPIs and QR payments are often obstructed by internet connections, leading to severe delays.

Revenue Leakage

Shrinkage and pilferage silently erode the 3-5% dealer margin, directly threatening the profitability and sustainability of the retail outlet's daily operations.

The Digital Gap

Urban pumps selling 8,000 to 20,000 litres daily still lack the swift, automated digital rails required to handle massive traffic with zero friction and absolute reliability.

Hyperlocal & Speed First

Zero-Wait Experience

Autopay convenience for a seamless drive-in and drive-out journey.

Scalable Pilot Model

Starting with a dense pilot across 10-20 pumps to perfect the rapid payment model.

Eradicate Queues

Eliminate cash hassles, exact change problems, and long waiting lines.

Enhanced Security

Vehicle-linked tracking and digital receipts for complete transparency and trust.

Zero POS Hardware

No bulky terminals required. The ecosystem is entirely mobile and QR driven.

RBI-Compliant Rails

Built on secure, standard UPI networks ensuring 100% compliance and reliability.

Size & Scalability

TAM

(55,000 Pumps)

Total Fuel Retail Infrastructure

The total addressable market encompasses all petrol pumps nationwide.

SAM

(40,000 Urban
Pumps)

₹87.5L to ₹2.2Cr Daily Profit Pool

Around 8.5 M litres of cashless sales daily. Impulse and quick-refuel segments suited perfectly to our zero-wait model.

SOM

(0.86M Litres/day)

₹4.3L Daily Revenue

Capturing 10% of the urban cashless market yields 0.86M target litres. At a 0.5% transaction fee, this

The Micro-Economics of a Single Pump

A look at the daily economics for an average urban petrol pump and ZapPay's value proposition.

Metrics	Current State (Avg. Urban Pump)	With ZapPay (20% Target)
Daily Volume Litres dispensed daily	12,000 L High friction mixed payments	2,400 L Zero-friction automated volume
Financial Throughput Gross Profit vs Txn Value	₹40,800 Dealer Gross Profit (~3-5%)	₹2.4 L Total Txn Value Processed
ZapPay Revenue At 0.5% transaction fee	—	₹1,200 / day ₹4.4 L Annual Revenue per Pump

The 6-Step Autopay Journey

01

Register

Customer seamlessly onboards onto the platform.

02

Receive QR

Tamper-proof sticker issued to the vehicle.

03

Scan

Operator effortlessly scans the QR on arrival.

04

Enter Fuel

Operator inputs fuel type and required litres.

05

Auto-Debit

Instant bank debit via RBI-compliant UPI.

06

Receipt

Digital receipt dispatched. Loop done in < 15s.

Why We Win?

Insight: We don't compete on general payments. We compete on **"I need to drive out now."**

Criteria	CASH & CARDS	STANDARD UPI	ZapPay
Delivery Time (Speed)	2-4 mins (Change/PIN issues)	1-2 mins (Network drops)	Sub 15 seconds
Security Strategy	High risk of shrinkage	Manual verification needed	Automated & vehicle-linked
Hardware Needs	Heavy POS requirements	QR Standee & Soundbox	Zero POS hardware
Predictability	Low (Queues vary)	Low (Subject to network)	High (Instant Autopay)
Primary Focus	Legacy transactions	Retail payments	Speed + Habit forming

₹10 Lakhs Pre-Seed to Scale Pilot Playbook

To build the infrastructure and operational density required to own the instant fuel payment habit across Tier-2 cities pan-India.

Phase 1: Pilot (Next 3 Months)

Test in 10-20 pumps in Chhattisgarh and onboard at least 100 dedicated customers in the first month.

Phase 2: Expansion (Next 6 Months)

Replicate success across Tier-2 cities with independent operators, proving the hardware-less model.

Phase 3: Rollout (Next 9 Months)

Launch marketing blitz to target 0.86M litres and ₹4.3L daily revenue at a 0.5% transaction fee.

₹4L

40% Pump Expansion Setup

Onboarding 10-20 prime locations & logistics.

₹4L

40% Operational Cost

Salaries, field team, and inventory management.

₹1L

10% Tech & Maintenance

Platform scaling and security enhancements.

Mission: A Zero-Wait, Zero-Cash India.

ZapPay is more than a payment solution; it's a vision to fundamentally transform the fuel retail landscape. We will eradicate queues, empower 85,000 dealers with frictionless digital commerce, and create a vehicle-linked payment identity for every driver.

Every scan strengthens a nationwide ecosystem where fuel, fleet, and finance converge, paving the way for future innovations like carbon credits and personalized loyalty currencies.

Let's Scale Together
